Dear Customers:

The Northport Village Corporation Utilities will file a revised rate schedule with the Maine Public Utilities Commission, effective Nov 15, 2025.

The filing is made under the provisions of 35-A MRSA Section 6104-B. The docket number for the filing is 2025-00296.

Present rates for the Water Utility were effective May 4, 2006, without an increase in 18 years, until November 1, 2024. As expenses to operate the water utility continue to increase, Northport Village Corporation proposes to increase rates by 1.5 percent immediately and annually to help with inflationary costs. This proposed 1.5% increase will apply to the base charge and to the usage charge.

As a result of this rate increase, the following will apply:

Description	Applicable to	Existing Cost per Unit	Increase	Proposed Cost per Unit
Base charge per trimester	Residential & Commercial	180.16	1.5%	182.86
Usage charge	Residential & Commercial	\$3.49 per hundred cu. Ft.	1.5%	\$3.54 per 100 cu. ft.
